Dear Mayor Orlando,

I truly enjoyed receiving your letter in which you launch a bridge across the Atlantic to connect the Mediterranean and the Americas to be walked upon its roadway by all people of peace and good will.

I will share your sentiments with our Mayor.

I had a very pleasant conversation with Nino Calogero who brought the letter to me through our common friend Mico Licastro.

Nino informed me of your own commemoration of 9/11 in Palermo and of the possibility for a phone call that I can make during your event.

As you can imagine we have here a full agenda already for the commemoration of that tragic day. If at all possible we'll try to arrange a phone call to reach you and your guests while you hold yours in Palermo.

Should the time and our own agenda not permit the call I'll make sure you receive my message in writing so that you can read it to your guests at your commemoration.

Please accept my sincerest thanks for your beautiful letter and I look forward to further explore ways for us to cooperate on shared meaningful actions to try to make this world a better place for all.

Warmest regards,

A handwritten signature in black ink that reads "Daniel A. Nigro".
